

**JUNE-JULY 2021 NEWSLETTER**

June was a different month with there not being a campout since Percy Priest was underwater. It was a refreshing change to be able to visit with each other at Perkin’s Restaurant in Germantown. The best part was getting to see several friends we had not been able to camp with recently. We definitely have to have some get-togethers like that every so often. That is why this is a first combined monthly issue. Hopefully it will be the last non-campout month during the regular camping season for us. We can have the “dinner times” even if there is a scheduled trip for that month. The dinner was definitely a great time for all even if it was somewhat hot.

The July campout was to Catherine's Landing RV Resort in Hot Springs with five rigs in attendance. Bill and Sally arrived Tuesday evening after a very exhaustive day with problems with the rig before even leaving Memphis. They did arrive safe and sound even if a little frustrated and worn out physically and mentally. The Bakers and Jackie and I came in on Wednesday. It was an extremely hot day and setting up got to be rough with the heat. I had to rest as it caught up with me easily. At least our meal was an easy one to heat up. We visited a little with the Bakers not knowing that Bill and Sally were already there in another part of the

park. We did see each other when he was walking Sophie that evening. The Stahls and the Thiels both came in on Thursday. The Bakers and the Woods went out and about on Thursday while we hit the swimming pool. We did have a social hour at Bill and Sally's Thursday evening. The Thiels spent part of their time while there exploring downtown around the Arlington. The Stahls spent part of their time enjoying the spa treatment at the Quapaw bathhouse which they thoroughly enjoyed. We pretty much stayed around the campground and enjoyed the pool area except for our usual visit to Walmart.

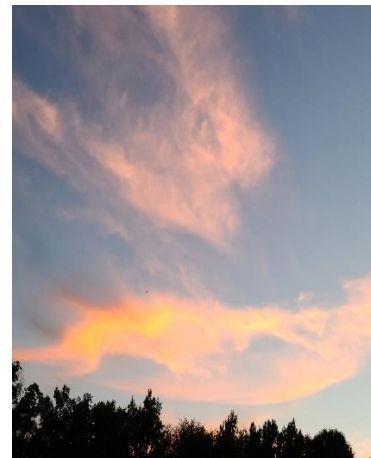

Friday evening was our dinner out which ended up being at Fisherman's Wharf. We tried to get to Luna Bella but they couldn't accommodate us. Luckily the other was right around the corner. It was a noisy meal with all the fans but the food was great as usual.

Friday evening had nothing planned after the meal but several of us ended up by the Stahl's rig and played ladder golf plus enjoyed more visiting time.

Saturday morning was our chapter meeting at Bill and Sally's rig. For the rest of the day everyone pretty much did their own thing. We did have a potato bake together at our rig with all the "fixins" and some watermelon for dessert. It was still pretty hot but a fun activity together. The only problem was not getting all of the potatoes done at the same time.

Everyone headed out on Sunday with the Bakers a little later than planned. They had a “fuse” problem which wouldn’t let their levelers up. They did make it home safe along with everyone else. At least the “bridge” was not the problem that we all expected it to be. All in all it was a great camping trip.

## **Upcoming Events**

Plans have been made to also take in special tours. Reservations have been made for the six of us camping there to participate in the Ultimate Amish Experience on Friday at 10:00 am. It is \$20.00 per person and it was suggested to have cash for any of the activities. There is also “Bob’s Restaurant” located there for lunch.

**David Crockett State Park: Campground 2 August 12 – 15  
931-762-9408. Klancy: # 47, Ed: #48, Glenn: #49**

**Crockett Days Festival is going on that weekend so it would help to make a reservation early if you plan to attend.**

**West TN Rally Natchez Trace St. Park Sept. 22 – 26; Klancy site # 43, Bob site # 44 (Please let me know if there are other sites to list)**

**October 14 – 17 800-728-5109**

**Trace State Park 662-489-2958**

**November 11 – 14**
