

Newsletter June 2018

We had our Ducks in a row.

Our monthly campout started with bad traffic about 30 miles from North Little Rock, a horrible accident involving 2 semis and 2 cars caused some of us to sit in traffic for more than 3 hours. Finally made it to the RV Park and settled in for a nap. It was HOT this year, but nice breezes in the evening made it comfortable to sit outside and enjoy the scenery. Klancy got dive bombed several times by a momma bird who thought she was too close to her nest.

In attendance were Wood, Thiel, Johnson, Baker, McClelland, and Owen. Friday some of us rode the trolley over to LR and had lunch at David's

Burgers. Alesia and Bob were out early for bike rides. That evening we dined at the Cajun Warf. The seafood was fresh and delish and a bit costly, but we all enjoyed every bite. Can you believe Bill Wood ordered a steak at a seafood joint!!

Saturday the Thiel's decided to walk over the pedestrian bridge to LR and check out the main drag. The rest of us drove to Peti Jean State Park for a look see and lunch at the Mather Lodge. The overlook provided some spectacular views and as hot as it was, Glenn, Klancy, and Jackie made the trek down the Cedar Falls Trail. That evening Klancy and Jackie treated us to watermelon.

Klancy and Jackie were all set to tow their car for the first time, but had to nix that idea because the instructions they had been given to get hooked up didn't pan out. After all they had been through to get the right car matched to the right tow equipment, it had to be disappointing. Maybe next time gals!

July hope to see you at Trace State Park, 12 thru 14. Call 1-662-4892958.
