

NOVEMBER 2021 NEWSLETTER

The November campout was held at Trace State Park in Mississippi. We were very low in numbers but planned to make it an enjoyable weekend. Those camping were Bill, Sally, & Chris plus Jackie and I. We both came in on Wednesday afternoon to beautiful weather with Jackie joining us coming from Memphis after work. We were able to enjoy a nice campfire and visit the first evening before the rain came in the next morning along with colder weather.

Thursday morning brought the rain in around 8 am. It was the same front that hit the Memphis area earlier in the day. It didn't take long for the front to go through and end up with decent weather. Sally, Bill, and Chris went into Tupelo mid-morning to have lunch and also were able to pick up a few things from Walmart. We stayed around the campground. We had a late afternoon campfire together. We all went in to have supper and in our case, Jackie had to leave afterwards to drive back to Millington. She had to work on Friday before coming back. Sally, Bill, and I played Yahtzee together in their RV.

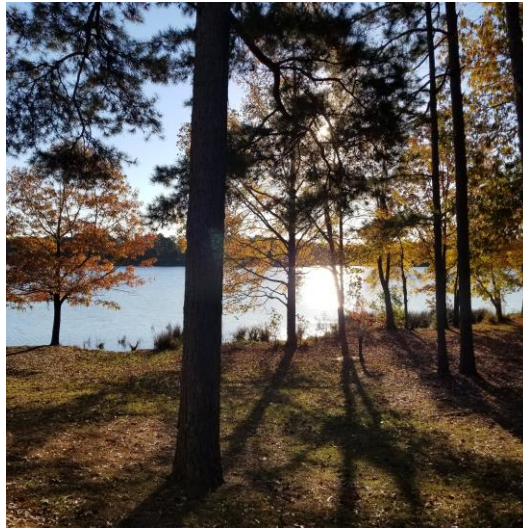

Friday morning dawned as a lazy starting day for us. Bill did go and do some exploring in his Jeep. Sally and I visited for a little before we all went inside for lunch. We were surprised around 2:00 pm when Ed and Cecelia stopped by our sites to visit. They ended up getting a spot in the other campground there but were able to participate with us on many activities in our campground. It helped having the meeting room this year. We agreed to meet a little after 5 to drive together to the Craven" Catfish for a meal at 5:30. That later time helped Jackie since she was driving to meet us after work in Memphis. It was another great meal. After getting back to the meeting room we played Yahtzee again until slightly before 10:00 pm.

Saturday morning had most everyone going different directions. Bill, Sally, and Chris went to the Tupelo flea market mid-morning with us going there slightly before lunch. Ed and Cecelia drove to the Oxford area for the day. We all got together Saturday evening at the meeting room for a steak dinner. Bill cooked everyone's steaks and we all brought our potatoes with all the fixings. There was time afterwards for the ladies to play Rummycube and the guys went to a campfire.

Sunday morning was chilly but a beautiful morning otherwise. Everyone was able to get out at a decent time that mid-morning. We enjoyed ourselves again even if we were small in numbers to finish the camping year for 2021.

December: Group Dinner together at the Olympic Steak and Pizza in Millington, TN. It will be on December 9th at 6:00 pm. Please reply by email or text to Bill if you will be attending. This is open to both current and former members,
